

Large format printing

Conventional printing technology achieves high quality at a low cost. The latest digital technology means we can offer you even more. Digital printing enables you to achieve the quality associated with conventional printing even when you need only relatively small quantities.

### ***LARGE FORMAT PRINTING... at a glance:***

- ▶ Ideal for low volume signage and graphics, indoor or outdoor.
- ▶ We can supply banners for all types of applications.
- ▶ Large format printing using UV-curable, water-based and solvent inkjet technologies, enabling us to produce signs that suit most applications and environments.
- ▶ Print direct to substrates such as Foamex, Di-bond, Correx, even glass!
- ▶ Competitively priced Banner-up and Pop-Up Stands for exhibitions.
- ▶ Full finishing service - including cutting, mounting and laminating.
- ▶ Complex shape cutting and printing using our Zund iCut system, Sabre 408 and Tornado Routers.

### ***TYPICAL APPLICATIONS:***

Flags, posters, sponsor logo walls, banners, exhibition stands, shop window graphics, roadside hoardings, floor graphics, vehicle liveries... and more!

***...Put your ideas into Action***

Here are just a few examples of large format printing projects that we have produced for a wide range of customers.

- ▶ Graphics and lettering for vehicle liveries ▶ Screen printing
- ▶ Interior and exterior signage ▶ Large format printing
- ▶ Health and safety signs ▶ Cutting and engraving
- ▶ Stainless steel and acrylic built-up lettering
